THE FIELD MUSEUM

Conservation is a permanent exhibit that showcases the conservation efforts of Field Museum scientists and stimulates visitors to explore choices we can make for a healthier future.

BENEFITING FROM YOUR GENEROSITY

On September 23, 2010, Little Company of Mary's vision became a reality when construction began for the Campus Transformation Project. The new West Pavilion will create the Southwest Chicago area's first all private room, private bath, acute care hospital that includes a beautiful new Women's Center for Life and Health. The project is expected to be completed by fall 2012, bringing us closer to the reality of a 21st century, state-of-the-art health care center.

We are entering into the final phase of VALUES. VISION. INNOVATION:
THE CAMPAIGN FOR LITTLE COMPANY OF MARY HOSPITAL.
We have raised \$8.5 million towards our \$12.5 million goal thanks to the tremendous support from the community, physicians, business partners and dedicated individuals.

The Campaign is gathering significant momentum for our final push!
Join us with your support in celebration of our past and we look ahead to fulfilling our mission of caring for our community and this new chapter for Little Company of Mary Hospital and Health Care Systems.
